

# LONE ROCK RESOURCES

Job Announcement for:  
**Company Safety Coordinator**

Lone Rock Resources is a fourth-generation family-owned diversified natural resource company with a proud past and an exciting future. Current assets are comprised of timber, restaurants, natural gas, vineyards and wine production, and commercial real estate. Our core asset and longest held business is our vertically integrated timber company, which sustainably manages over 150,000 acres of forest land in SW Oregon. In business for over 70-years, Lone Rock has a well-earned reputation as one of Oregon's top mid-sized companies to work for in the Pacific Northwest. Empowered innovative people grow success; from our forests to our communities, this is what we believe in.

Lone Rock is seeking to hire a Full-Time Safety Coordinator who will be able to thrive in a multi-faceted environment. Under limited supervision, and with a high degree of autonomy this position will direct, develop, implement, and maintain a comprehensive safety, health, and environmental programs for our forest-based operations (logging, timber felling, road construction, trucking, mechanics shop and forest management), monitor compliance with all federal, state, and local regulations and standards involving safety, environmental health, chemical control, industrial hygiene, and fire safety. Assists company management in the development and support of a culture of safety, striving for an accident/incident free environment. This position will also assist in the safety development and coordination of some of Lone Rock's other business lines. The job will require a combination of field, travel and office work.

Applicants will be evaluated on the following skills; 5+ years of previous working experience in a related safety position required. Previous experience in the logging profession is preferred. Demonstrated experience of computer systems including but not limited to; *Word, Excel, Outlook and Access*. A valid driver's license and a good driving history is a must.
